**TEAM TREVOR**

Team Trevor is a 501c3 charitable organization that was formed to combat cystic fibrosis (CF). At Team Trevor we raise awareness and funds to accelerate scientific research for rare CF mutations. Through partnerships with individuals, community businesses, and corporate partners, Team Trevor hopes to bring about a cure for this devastating disease.

The mission of William Fogg Library is to serve the community. In doing so we aim to be a center of reliable information on a wide range of subjects, and a place where readers of all levels and diverse tastes can find the books they desire. We strive to preserve and conserve the books in the Fogg Collection as well as many titles of local and regional history.
